Date: September 27, 2023

Subject: School of Engineering and Applied Science Award for Excellence

Dear Shikhar:

I am pleased to inform you that you have been chosen as a recipient of the School of Engineering and Applied Science (SEAS) Award for Excellence. This esteemed accolade is bestowed upon advanced graduate students within SEAS who have performed at the highest level as scholars and researchers. Your selection by the faculty of the Electrical and Computer Engineering Department is a testament to your outstanding performance in academics, research endeavors, and pedagogical contributions during your time at Princeton.

In the upcoming month of October, you will be granted a one-time supplement of \$2,000 as a token of appreciation and acknowledgement of your academic dedication. Official announcements regarding the award will be disseminated through both your department's and the SEAS' websites, as well as featured in an upcoming edition of the EQuad News.

Heartfelt congratulations and my best wishes for continued success!
